EITC Scholarship Income Guidelines

In accordance with the revised household income guidelines of the state of Pennsylvania's Educational Improvement Tax Credit Program (EITC), please find below updated information for any student applying for the **Cardinal Donald Wuerl Scholarship** through Junior Achievement.

**These are the same guidelines required by the Diocese for any other form of financial aid.*

Updated EITC Guidelines:

As of April 18, 2016, to be eligible for scholarships, families of students must have an adjusted gross income of \$76,350 or less with an additional \$15,270 adjustment for each dependent living within the same household.

Number of Dependents	Maximum AGI
1	\$91,620
2	\$106,890
3	\$122,160

An eligible student is a school age student, including an eligible student with a disability, who is a resident of Pennsylvania, who is enrolled in a school located in this Commonwealth and who is a member of a household with an annual household income of not more than \$76,350, plus an additional income allowance of \$15,270 for the student or dependent (as defined by the IRS) living within the same household.

To be considered an eligible student with a disability, a student must meet the following criteria:

- (1) is either enrolled in a special education school or has otherwise been identified as a "child with a disability" as defined in Title 34 CFR §300.8;
- (2) need special education and related services;
- (3) is enrolled in a school and
- (4) is a member of a household that does not exceed the maximum annual household income.

"School age" ranges from the earliest admission age for a school's kindergarten program (or if the school has no kindergarten program, the earliest age at which the student may begin school), through the age attained upon graduation from secondary school or 21 years of age, whichever occurs first. With respect to an eligible student with a disability, multiply the sum of \$76,350 plus the allowance(s) of \$15,270 per student or dependent, by the support level factor of 1.50 if the student is not enrolled in a special education school or by the support level factor of 2.993 if the student is enrolled as a student in a special education school.

A household includes an individual living alone or an individual living with the following:

- a. a spouse, parent and their unemancipated minor children;
- b. other unemancipated minor children who are related by blood or marriage; or
- c. other adults or unemancipated minor children living in the household who are dependent upon the individual.

To qualify, applicants must submit proof of income for all adults in their household where they are a dependent.
