A Note From Mrs. Tiefenthal

Students who were out this past week will be making up the NWEA Assessments throughout the week. Once all testing is completed, information will be shared with families.

It has been brought to my attention that there are several issues with cutting in the dismissal line. The parking lot is used by the Church and the school. Sometimes parishioners for Notre Dame Church will park in a spot that does disrupt the normal pattern or a family member unaware of the process picks up for the first time. Please understand that the staff is trying to get through the dismissal process as quickly as we can. Cutting in line or not properly following the expectations result in a longer wait time for everyone. We need to be respectful and kind while giving grace to those who maybe were unaware. Safety is a key element, and we need to keep this in mind.

If your child needs to get picked up early for an appointment, please arrange with the office for pick up in the front for that day. We have several vans and busses that pickup up front and need to have accessible parking for them. Thank you for understanding.
