Week of: Oct. 16-Oct.20

A Message from Mrs. Halicki

Just a reminder for when a student is not feeling well in school. The procedure when a student does not feel well involves the teacher sending the student to the nurse with a pass first. The nurse will assess the situation, notify the parent, and then with the parent determine if the student needs to go home. Many students are calling home if they are not feeling well and asking parents to come get them. Parents, if your child calls you to come home, please call the school first. We want to make sure that the nurse assesses the student before sending him/her home. If the student is sent home, parents, please remember to send a note upon the student's return to school.
